

Summer Green Team Climate Care: 12 weeks Questions to Ponder and Act Upon**Week 12 of Summer Creation Care: Climate Action**

Our Climate Care summer series was offered as a handy introduction to pondering creation and climate justice. You and the Christ Church community can use the questions provided over these past 12 weeks to guide you through these issues one week at a time. We encourage you to share snippets from action-oriented questions and hope they will nurture your Christ Church toward growth. Interested in learning more? Consider signing up for action opportunities and share stories and resources to support climate care and climate justice at www.sojo.net/sojoaction.

Question to ponder and act upon:

- How can we encourage one another to be active publicly for climate and creation care, and advocate for strong policies? What actions can we take as a church community?
- Have you ever called your local representative to share with them why you care about our climate and asked them to support just and loving policies?
- What is a commitment Christ Church can make together to hold each other accountable to creation and climate care? Think of this as a commitment to know and love the place you inhabit as a community. See if you can come up with a small plan that will help encourage one another in this ongoing journey.
