

**Summer Green Team Climate Care: 12 weeks Questions to Ponder and Act Upon*****Week 4 of Summer Creation Care: Rethinking the issue***

Creation care is love for each other and for the earth. It is not just for climate action but for climate justice. The climate crisis is jeopardizing the health and well-being of our most vulnerable neighbors around the world and in the U.S. This is a matter of serious injustice—it's not fair that the people who do the least to cause the problem bear the burden of the crisis first and worst. And because we believe in a God who calls us to steward the earth wisely and pursue justice and peace, caring for God's creation and God's people is a deeply Christian issue, not a Republican or Democratic one.

Question to ponder and act upon:

- How might thinking of creation and climate care as an embodiment of love rather than as a “political” or “environmental” issue be helpful in your community?
